We want to thank our amazing staff and amazing families for your support during these uncertain times. Things were changing quickly and we had to reconsider and adjust our plans daily. So we appreciate your patience as we worked to setup classroom sites, and gather learning materials for all of our students.

We recognize that this is a challenge to families and we are trying to provide as much flexibility as possible. The teachers have worked hard to create a temporary distance education program. Students will be required to complete all assigned work. This is how the state will measure and give us credit for attendance. If students are not doing the work, they will not be given credit for attendance and will not earn enough seat time to move to the next grade. We are already hearing positive reports from teachers that they are communicating with students and families and they are responding with their completed assignments and goals. Keep up the great work Sidewinders!

We have attached a document from the Superintendent of Schools, Jhone Ebert with updated information and resources for families. Although we are now all working from home, please know that we are available to answer any questions you may have. All correspondence and communications from administration will be sent via Infinite Campus using the inbox, email and possibly text. If you have any updates to your contact information please log in to infinite campus and update it in the system.

Stay safe and again thank you for your support,
SSMCS Administrative Team

Ms. Marlo, Head of School

Ms. Denise, Principal

Ms. Danette, Director of Operations

Ms. Kim, Special Programs Administrator
